

INTEL INTERNAL USE BINARY LICENSE AGREEMENT

DO NOT download, access, copy, or otherwise use the Software ("Software") made available to you in the package that includes this Software License Agreement ("Agreement") by Intel Corporation ("Intel") to your employer or other entity for whose benefit you act ("**Licensee**") until you have carefully read, and unless you accept, the following terms and conditions. By downloading, copying, accessing, or otherwise using the Software, Licensee agrees to be legally bound by the terms and conditions of this Agreement. If you do not agree to these terms and conditions, please do not continue to download, copy, access or otherwise use the Software. The Software may contain the software or other property of third party suppliers, some of which may be identified in, and licensed in accordance with, any enclosed 'license.txt' file or other text or file. Such third party software may only be used (a) upon securing a commercial license directly from the owner of the software, or (b) in combination with silicon purchased from such third party. A listing of any such third party limitations is provided in one or more text files accompanying the Software.

LICENSE. Subject to the terms and conditions of this Agreement, Intel grants to Licensee, during the term of this Agreement, a non-exclusive, personal, non-transferable, non-sublicensable, revocable, royalty-free license, under Intel's copyrights and (subject to any third party licensing requirements, if any), Intel's suppliers' copyrights, to perform, display, copy, and reproduce the Software internally for testing, development purposes and any associated maintenance thereof, and to distribute the unmodified Software. Any distribution must produce the copyright notices and the exclusions of warranties and limitation of liability set forth in this Agreement.

LICENSE RESTRICTIONS.

Licensee will not (except as expressly authorized in in this Agreement, and will not allow any third party to, use, reproduce, distribute, modify, create derivative works of, disassemble, decompile, or reverse engineer the Software or otherwise attempt to derive the Software's source code.

The consideration under this Agreement is only for the licenses that Intel expressly grants to Licensee in this Agreement. Any other rights including, but not limited to any patent rights, will require an additional license and additional consideration. Nothing in this Agreement requires or will be treated to require Intel to grant any additional license. Licensee acknowledges that an essential basis of the bargain in this Agreement is that Intel grants Licensee no licenses or other rights including, but not limited to, patent, copyright, trademark, trade name, service mark or other intellectual property licenses or rights with respect to the Software, by implication, estoppel or otherwise, except for the licenses expressly granted above. Specifically, except for the licenses that Intel expressly grants to Licensee above, Intel grants no licenses or other rights, expressly or by implication, estoppel or otherwise, to: (i) make, use, sell, offer for sale, or import modifications of the Software; (ii) sell or offer to sell the Software; (iii) combine the Software or modified versions of the Software with other items or to use any such combination; or (iv) any claims of any patents, patent applications, or other patent rights of Intel. Licensee acknowledges that there are significant uses of the Software in its original, unmodified and uncombined form. The consideration for the license in this Agreement reflects Intel's continuing right to assert patent claims against any modifications (including, without limitation, error corrections and bug fixes) of, or combinations with, the Software that Licensee or third parties make that infringe any Intel patent claim.

Except as set forth above, Licensee will not allow the Software to be accessed or used by third parties except that Licensee's authorized consultants and subcontractors may access the Software to the extent such access is required for them to perform services on Licensee's behalf consistent with the license granted to Licensee under this Agreement, provided that:

- (a) Licensee first requires those consultants and subcontractors to sign written agreements obligating them to observe the same restrictions concerning the Software as are contained in this Agreement, and
- (b) Licensee will be fully liable to Intel for the actions and inaction of those consultants and subcontractors.

Upon reasonable advance notice, Intel will have the right to inspect or have an independent auditor inspect Licensee's facilities and records during normal business hours to verify Licensee's compliance with the terms and conditions of this Agreement.

Neither the name of Intel Corporation nor the names of its suppliers may be used to endorse or promote products derived from this software without specific prior written permission.

FEEDBACK. This Agreement does NOT obligation Licensee to provide Intel with comments or suggestions regarding the Software. However, should Licensee provide Intel with comments or suggestions for the modification, correction, improvement or enhancement of (a) the Software or (b) Intel products or processes that work with the Software, Licensee grants to Intel a non-exclusive, irrevocable, worldwide, royalty-free license, with the right to sublicense Intel's licensees and customers, under Licensee's intellectual property rights, the rights to use and disclose such comments and suggestions in any manner Intel chooses and to display, perform, copy, make, have made, use, sell and otherwise dispose of Intel's and its sublicensee's products embodying such comments and suggestions in any manner and via any media Intel chooses, without reference to the source.

CONFIDENTIALITY. Licensee will not disclose the terms or existence of this Agreement or use Intel's name in any publications, advertisements, or other announcements without Intel's prior written consent. Licensee does not have any rights to use any Intel trademarks, brands or logos.

OWNERSHIP OF SOFTWARE AND COPYRIGHTS. Title to all copies of the Software remains with Intel or its suppliers. The Software is copyrighted and protected by the laws of the United States and other countries, and international treaty provisions. Licensee shall include all copyright notices for the Software in all copies, and Licensee shall not cover, alter or otherwise obscure such copyright notices. Intel may make changes to the Software, or to items referenced therein, at any time and without notice, but is not obligated to support or update the Software.

EXCLUSION OF OTHER WARRANTIES. THE SOFTWARE IS PROVIDED "AS IS" WITHOUT ANY EXPRESS OR IMPLIED WARRANTY OF ANY KIND, INCLUDING WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT, OR FITNESS FOR A PARTICULAR PURPOSE. Intel does not warrant or assume responsibility for the accuracy or completeness of any information, text, graphics, links or other items contained within the Software.

In addition to the foregoing, please note that the content or services of third parties may be suspended or discontinued at any time, and Intel does not guarantee that any content or service will remain available for any period of time. The content and services are provided by others, and may utilize networks and transmission equipment outside the control of Intel. Without limiting the generality of this section, Intel expressly disclaims any and all liability for any interruption or suspension of the content or service provided through this device. Intel is not responsible for customer service related to the content and services of third parties. Any question or request for service on such content or services must be addressed directly to the respective content and service providers. Please note that downloading content without the permission of the content owner may infringe the intellectual property rights of the owner. Intel expressly disclaims any and all liability associated with the downloading of content by the user including, for example, infringement of third party intellectual property rights, or any damage done to the device or other devices due to the download of malicious content using the device.

LIMITATION OF LIABILITY. IN NO EVENT WILL INTEL OR ITS AFFILIATES OR THEIR RESPECTIVE SUPPLIERS BE LIABLE FOR ANY DAMAGES WHATSOEVER (INCLUDING, WITHOUT LIMITATION, LOST PROFITS, BUSINESS INTERRUPTION OR LOST DATA, LOSS OF GOODWILL, OR INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, OR PUNITIVE DAMAGES) IN RELATION TO OR ARISING OUT OF THIS AGREEMENT OR THE USE OF OR INABILITY TO USE THE SOFTWARE, IRRESPECTIVE OF WHETHER INTEL HAS ADVANCE NOTICE OF THE POSSIBILITY OF SUCH DAMAGES AND REGARDLESS OF THE THEORY OF LIABILITY (WHETHER BASED IN TORT, CONTRACT, STRICT LIABILITY, OR OTHERWISE). THE SOFTWARE LICENSED HEREUNDER IS

NOT DESIGNED OR INTENDED FOR USE IN ANY MEDICAL, LIFE SAVING OR LIFE SUSTAINING SYSTEMS, TRANSPORTATION SYSTEMS, NUCLEAR SYSTEMS, OR FOR ANY OTHER MISSION CRITICAL APPLICATION IN WHICH THE FAILURE OF THE SOFTWARE COULD LEAD TO PERSONAL INJURY OR DEATH. THE WARRANTY DISCLAIMER AND LIMITED LIABILITY ARE FUNDAMENTAL ELEMENTS OF THE BASIS OF THE BARGAIN BETWEEN THE PARTIES. INTEL WOULD NOT BE ABLE TO PROVIDE THE SOFTWARE WITHOUT SUCH LIMITATIONS.

TERMINATION OF THIS AGREEMENT. Intel may terminate this Agreement at any time in its sole discretion, on notice to Licensee. Upon termination of this Agreement, Licensee will immediately destroy the Software or return all copies of the Software to Intel, and all licenses granted to Licensee under this Agreement will immediately terminate.

GOVERNING LAW AND JURISDICTION. All matters arising out of or related to this Agreement, including without limitation all matters connected with its performance, shall be construed, interpreted, applied and governed in all respects in accordance with the laws of the United States of America and the State of Delaware, without reference to conflict of laws principles. The provisions of the United Nations Convention on Contracts for the International Sale of Goods will not apply to this Agreement. All disputes and litigation arising out of or related to this Agreement, including without limitation matters connected with its performance, will be subject to the exclusive jurisdiction of the courts of the State of Delaware or of the federal courts sitting therein. Each party hereby irrevocably submits to the personal jurisdiction of such courts and irrevocably waives all objections to such venue.

TAXES. Each party shall be responsible for the payment of its own tax liability arising from this transaction.

EXPORT. Licensee acknowledges that the Software and all related technical information or materials is subject to export controls under the laws and regulations of the United States and any other applicable governments. Licensee agrees to comply with these laws and regulations governing export, re-export, import, transfer, distribution, and use of the Software and all related technical information or materials. In particular, but without limitation, the Software and all related technical information or materials may not be exported or re-exported (a) into any U.S. embargoed countries or (b) to any person or entity listed on a denial order published by the U.S. government or any other applicable governments. By using the Software and all related technical information or materials, Licensee represents and warrants that Licensee is not located in any such country or on any such list. Licensee also agrees that Licensee will not use the Software and all related technical information or materials for any purposes prohibited by the U.S. government or other applicable governments' laws, including, without limitation, the development, design, manufacture or production of nuclear, missile, chemical or biological weapons. Licensee confirms that the Software and all related technical information or materials will not be re-exported or sold to a third party who is known or suspected to be involved in activities including, without limitation, the development, design, manufacture, or production of nuclear, missile, chemical or biological weapons. Licensee agrees that Software and all related technical information or materials subject to control under defense laws and regulations (e.g., the International Traffic in Arms Regulations (ITAR)) must not be transferred to non-U.S. persons, whether located in the U.S. or abroad, without a government license.

GOVERNMENT RESTRICTED RIGHTS. The Software is provided with "RESTRICTED RIGHTS." Use, duplication, or disclosure by the Government is subject to restrictions as set forth in FAR52.227-14 and DFAR252.227-7013 *et seq.* or their successors. Use of the Software by the Government constitutes acknowledgment of Intel's proprietary rights therein. Contractor or Manufacturer is Intel Corporation, 2200 Mission College Blvd., Santa Clara, CA, USA 95054.

GENERAL. This Agreement constitutes the entire agreement between the parties with respect to the subject matter of this Agreement and merges and supersedes all prior and contemporaneous agreements, understandings, negotiations, and discussions, whether oral or written, implied or express, with respect to the subject matter of this Agreement. Licensee may not assign any rights or delegate any obligations under this Agreement, in whole or in part and whether by contract, operation of law, merger, consolidation, sale of all or substantially all of Licensee's outstanding shares or assets, change in control, or on any other basis, without the prior written consent of Intel. Any attempt by Licensee to assign any rights or delegate

any obligations under this Agreement without Intel's prior written consent will be null and void. For purposes of this Agreement, the acquisition, merger, consolidation, change in control, or sale of all or substantially all of the outstanding shares or assets of Licensee or any similar transaction or any assignment by operation of law shall be deemed an assignment by Licensee that requires Intel's written consent. Intel may freely assign any rights or delegate any obligations under this Agreement, in whole or in part, without Licensee's consent. Subject to the foregoing, this Agreement will bind and inure to the benefit of the respective parties and their permitted successors and assigns.
