Note:
1. If you are uncertain which Intel processor is in your computer, Intel recommends using the Intel Processor Identification Utility or Intel Driver Update Utility to identify your Intel processor.
2. The Intel® Wireless Display software application is available only for Microsoft Windows 7 and Windows 8 operating systems.
3. Intel Wireless Display native Miracast* support under Windows 8.1 is now supported through the operating system's Charms menu. For more information, see the Miracast FAQ.

KNOWN ISSUES:
- None

We continuously strive to improve the quality of our products to better serve our users and appreciate feedback on any issues you discover and suggestions for future driver releases.
