

Instructions on how to download the NVIDIA* Graphics Driver for Windows® 10 & Windows 11* for the Intel® NUC9 Extreme Laptop Kits

February 20222

Both the [Intel HD Graphics driver](#) and the NVIDIA Graphics driver should be installed.

1. Navigate to, <https://www.nvidia.com/en-us/geforce/drivers>.
2. If you want NVIDIA to notify you and download new graphics driver updates for you, select, **Download Now** under, *Automatic Driver Updates*.

OR

2. Under, *Manual Driver Search*, select the options for the graphics card in your Intel® NUC9 Extreme Laptop Kit and select **Start Search**.
3. Select, **Get Download** on the latest version.
